Story 89 Before Winter

On rainy days, if I look at the channel, shapes in a puddle of muddy water suddenly, those shapes will appear to look like the nose and the shores of rivers from satellite pictures. Because a model at "ster level" is at my feet, for one instant, the height of my vision is that of a satellite orbit.

Story 10
During Winter

I had arranged
with Alpha to
meet at the
store at 5:00
on Thurs today.

SOME-
THING SHE
WANTS TO
SHOW ME...

I will
be waiting
...

"I WOULD
LIKE YOU
TO COME."

"I HAVE
SOMETHING
THAT I WANT
TO SHOW
TAKASHI
NO MATTER
WHAT..."

BOX 145507

AND I
THOUGHT,
"I WANT
TO SHOW
THIS TO
TAKEMICHO
TOO."

A LETTER
CARD,
SAIDING
THAT HE
WOULD
PASS BY
ABOVE...

HE SAID
THAT THE
TREES
OF THIS
SHORE ARE
A GOOD
LANDMARK.

I WANT
TO SEE IF I'VE
CLOSED...

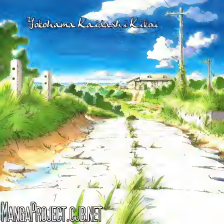

HEH...
ONE OF
THESE
DAYS

Story 91 *Winter's End*

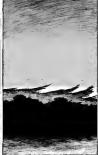

**W
O
W
!!**

A black and white illustration of a child jumping joyfully in a snowy landscape. The child's arms are raised high, and snow is falling all around them. The scene is captured in a dynamic, mid-air pose.

Snow!
This is snow!
This is my
first time
seeing it!

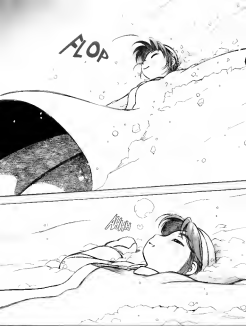

A black and white illustration showing a close-up of snow. The snowflakes are depicted with soft, textured shading, giving a sense of depth and volume. The focus is on the intricate patterns of the snow.

Like it is kind of hot,
and kind of cold...

This feel, like it is
kind of there, and
kind of not there.

Blue and white
and black!
Where is this...!?

The sound of footsteps
I heard at night was
probably the sound of snow
falling from the roof.

There's stuff like
foam or muck on
top of the house.

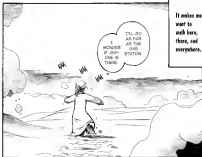

©1997 - SMALL POT COPY

Even the clumps of thistles
were squashed flat...

It's becoming a strange flat place.

It makes me
want to
walk here,
there, and
everywhere.

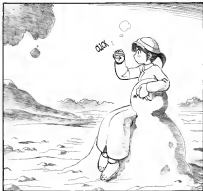

It doesn't
become round
like I see in
the books.

A common
is hard.

And it's
hard for one
person to
pile up the
seaweed!

The entrance
remained
for a while.

The snow
disappeared
about a week
after that.

There are
too of them
in the
house.

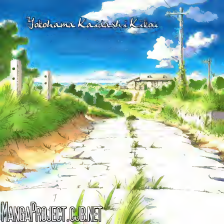

Early in the
morning I
made some
conclusions
from the
climatic zone.

Flower of Humanity

"Inside my blood,
the road is
still flowing."

A long time ago,
Kamitsuki-sensei showed
me these mixed colours...
and the source of smell...

And this record...

The blooming seed
of other emotions.

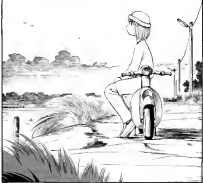

That is where we came from.

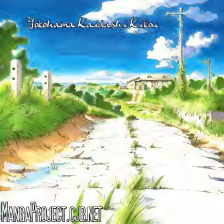

We are the result of the piled
up feelings of human beings.

We are the children of humanity.

Story 17 Blinding Yellow

After a while,
I saw a single
sapling grow out
of the ground.

Previously,
when I went to
the market,
I got a seed
called "Tree
Hinomori."

After one month,
it grew bigger
and bigger.

Because it grew
so big, these days
all the neighbours
come to see it.

THE FLOWER
IS THIS BIG...
IT'S A LITTLE
ODD...

I AGREE.

I harvested
a lot of seeds
from the flower.

Ordinary
seeds.

After a while,
the seedling
withered and
died without
thinking of
our feelings.

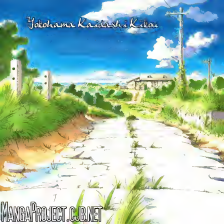

I wonder if I will
plant the seeds
in the coming
year as well.

I will have to
think about it.

WHEN DID WE
LAST MEET?
HOW MANY YEARS
AGO WAS IT?

YES,
THAT'S
RIGHT.

WE MET
AT THE
POND IN
THE
NORTH.

I THOUGHT

LIVED IN THOSE
HOUSES, BUT...

WHEN I
WAS A CHILD,
I REMEMBERED

WERE THREE

YES...

WAS HERE
